Product Features

- + Compatible with all plug-in Vehicles
- + Wall box type, easy to install and maintenance
- + Power rating is adjustable from 6A to 32A via Wi-Fi or DIP switch.
- + Annular LED charging status indicator
- + Built-in Type B RCD(6mA DC+ 30mA AC)
- + Higher weather durability: -25°C~50°C
- + PC+ASA material with better performance in antiflaming (UL94 V-0) and UV stabilization than ABS
- + IP54 waterproof and IK08 impact resistance
- + Compatible with power cable of 6mm² /32A

Up to 7.4KW Easy Charge

Specifications

Model	EC-07-B
Electrical Specifications	
Rated Power	7.4kW (1-ph)
Rated Supply Voltage	AC230±20%
Supply Frequency	50Hz/60Hz
Rated Current	32A
Charging Type	Socketed
Safety And Certification	
Ground Fault Detection	Type B RCD
Operating Temperature	-25°C~50°C
Operating Humidity	Max. 95% non-condensing
Protection Degree	IP54, IK08
CE Certified	Yes
Compliance	IEC 61851-1, IEC 61851-22, IEC 62196-2
Installation	
Maximum Installation Height	+2000m (6560 ft) above sea level
Mechanical Specifications	
Housing	PC+ASA Anti-flaming UL94 V-0
Cooling	Natural
Enclosure Dimensions	210mm×160mm×126mm
Weight	2.3kg
Mounting	Wall-mounted

C-Series
